

Thank You
Harker Heights Task Force

In the month of June, we had a Run-off Election for the Harker Heights City Council. We had two Candidates that we supported during the election. I have to say that we had an awesome turnout of volunteers for this run-off.

What is Volunteering? Working for an organization without being paid, freely offering to do something.

Volunteering is a great way to strengthen your existing connections to friends and a great way to meet new friends and learn new skills.

The training and hands-on experience you gain while volunteering can help you learn new skills as well as build upon the ones you already have. That is what we are currently doing within the Party, learning new skills and ideas to build on.

When you volunteer, you connect with the community! You connect with the problem, which is connected to the solution. Being connected to the process, a process that you believe in, is very fulfilling. You are benefitting yourself as well as others in the community. We need to keep Bell County RED, that's where volunteering comes in. We need your help, your skills, and your passion!

You say you want a solution to help the Party and get candidates elected, then Volunteer, You are the solution. Volunteer today and make a difference.

Thank you to all the volunteers within the Harker Heights Task Force Run-Off Election. Your time, energy and passion were noticed and greatly appreciated. You all are the backbone of the Party!
